PACE UNIVERSITY
TRAVEL ACCIDENT PROGRAM

Carrier: Federal Insurance Company (Chubb)
Policy No.: 6406-62-49
Emergency Number: 1-800-252-4670

Benefits: Covers accidents up to $10,000.00 (Extremely Serious Accidents: See Important Note Below)
Medical evacuation up to $50,000.00
Repatriation up to $50,000.00

24 hour protection business only

The Medical Evacuation and Repatriation must be ordered by a Physician, who certifies that the transportation and medical treatment are necessary and appropriate. The Medical Evacuation and Repatriation must be approved by the Assistance Services Administrator.

An English translation of the services performed plus the exchange rate at the time of service must be obtained.

The Assistance Services Administrator means the organization that contracts with the Company to provide the Medical Evacuation and Repatriation services to the insured. In this case it would be the Federal Insurance Company.

IMPORTANT NOTE: This only covers loss of life, speech and hearing, hand, foot or sight in one or both eyes. This policy does not cover a sprained ankle, broken leg, etc.

Students must obtain health insurance, if they do not already have it, prior to departure.

Two steps to provide for this coverage:

1. There is a $2.18 charge per student per day that will be processed through the SARS office.
2. A complete itinerary and list of all participants must be sent to the General Services office located in Tead Hall on the Briarcliff campus (fax # 2731 attention Terrell Kolodzinski) at least 2 weeks prior to departure. This must also include the office location of the faculty (University address). The General Services’ extension is 2627.
